

# APICS Group Membership

---

APICS group membership enables five employees from the same location to have full membership privileges, including member publications, access to members-only Web content, and savings on APICS products and services. The memberships are retained by your organization rather than the individual, allowing your organization to transfer an individual membership to another employee within the same location at any time.

## The Components of Group Membership are:

**Corporate Voting (CV)**—The five group members are referred to by APICS as corporate voting members. Each of the five CVs receive full membership privileges, including an APICS membership card, online access to members-only content, member publications, and savings on APICS products and services. To receive member benefits, employees from a group member company must use the designated corporate billing ID/number.

**Corporate Billing (CB)**—Companies must designate a single employee as billing contact for the group membership. The company's membership card and renewal details are sent to this individual. This contact can be one of the corporate voting members or someone else within the company. No membership benefits apply.

## Manage Your Group Membership:

When adding a new corporate voting member or changing your corporate billing contact, please provide the following details:

- Company ID
- Company Name
- APICS Member Number/ID (if applicable)
- Full Name
- Job Title
- Business E-Mail
- Business Phone
- Business Fax
- Date of Birth (optional)
- Last 4 Digits of Social Security Number (optional)
- Gender (optional)

When removing a corporate voting member or changing your corporate billing contact, please provide the following details:

- Company ID
- Company Name
- APICS Member Number/ID
- Full Name
- Indicate if this person is still employed at your company.
